INTRODUCING: O'Daniel COMMITTEE: Finance

A Resolution of the Common Council of the City of Evansville In Support of Economic Development Incentives Offered to Berry Plastics, Corporation (and its subsidiaries) by the City of Evansville to Expand Operations in the Facility at 101 Oakley Street, Evansville, IN 47710

WHEREAS, the City of Evansville ("the City") is considering an economic development incentive to Berry Plastics Corporation (and its subsidiaries) ("the Company") to retain existing jobs and expand their operations in Evansville, IN, adding new jobs; and

WHEREAS, the City is desirous of supporting the retention and expansion of the Company's operations in Evansville, Indiana, and the usage of the 101 Oakley Street property; and the company will add 280 Evansville area jobs within the next two years; and

WHEREAS, the City offers a local Hiring/Training grant in support of other incentives received by the Company from the State of Indiana; and

WHEREAS, the local grant, combined with a grant from the State of Indiana and investment from the Company will support upgrading and expanding their infrastructure in the City of Evansville that serves the 101 Oakley Street; and

WHEREAS, the upgrade and placement of equipment that serves the 101 Oakley Street facility is required to support manufacturing, sales and logistics which will create 280 new jobs in Evansville.

NOW, THEREFORE, BE IT RESOLVED by the Common Council of the City of Evansville as follows:

- **Section 1.** The Common Council finds that the proposed offer of a \$100,000 Hiring/Training grant, to be combined with a \$300,000 Skills Enhancement Fund grant from the State of Indiana, and an investment of over \$45 million in infrastructure and equipment by the Company will benefit the economic well-being of the City, the State, and their citizens, creating 280 new jobs.
- **Section 2.** The Council supports the objectives and aims of the proposed incentive offer to Berry Plastics Corporation (and its subsidiaries) and, in approving this Resolution, states its support for the proposed grant.
- Section 3. This resolution will be in effect from and after its passage and approval by the Mayor.

FEB 1 4 2014

PASSED BY the Common Council of the City of Evansville, Indiana, on the
of the Common Council and attested by the City Clerk.
Sohar Reinel
President of the Common Council, John Friend
ATTEST: Laura Windhorst, City Clerk DEPUTY
Presented by me, the undersigned City Clerk of the City of Evansville, Indiana, to the Mayor of said city, this day of, 2014, for his consideration and action thereon.
Laura Windhorst, City Clerk DEFUTY City of Evansville, Indiana
Having examined the foregoing resolution, I do now, as Mayor of the City of Evansville, Indiana, approve said resolution and return the same to the City Clerk this 12th day of 12th , 2014.
Lloyd Winnecke, Mayor City of Evansville, Indiana

APPROVED AS TO FORM BY TED ZIEMER, CORPORATION COUNSEL

Council Meeting 2/24/2014

The Growth Alliance has worked closely with Berry Plastics assisting/facilitating SUBJECT: discussions between the various entities including, other communities, the rail road and utility providers. The other communities, besides Evansville, to develop a total package included Richmond, IN and Princeton, IN.

Berry Plastics Group, Inc. is a leading global manufacturer and marketer of value-added plastic consumer packaging and engineered materials. With a long-standing track record of delivering high-quality customized solutions to their customers, their products are designed utilizing proprietary research and unique development and manufacturing technologies. These technologies foster the innovation of their products, which include open top and closed top packaging, polyethylene-based plastic films, industrial tapes, medical specialties, flexible packaging, heat-shrinkable coatings, specialty laminates, and FIBCs (bulk bags). To augment their product offering, they have been one of the most active acquirers of plastic packaging businesses globally, having acquired more than 30 businesses since 1988.

Berry currently employs 2,041 in the Evansville/Vanderburgh County.

They are considering an Investment in Evansville according to the following:

- \$25 million in New Equipment (personal property) to Indiana, relocated from operations in another state
- \$10 million New Infrastructure (real property) Upgrades
- \$11 million New Printing Equipment (personal property)
- \$10 million in Moving Expenses to relocate equipment

With this investment comes the addition of 280 new jobs with average wage rate of \$18.50/hour, plus benefits, representing the vast majority of the 336 total jobs that will be coming to the State of Indiana.

State of Indiana offer:

\$2,350,000 EDGE Credits

\$300,000 Skills Enhancement Funds (Training)

Fiscal Impact: Total, positive, Economic Impact of this project for Evansville is:

\$18,255,617,231 over the next 10 years; or, over \$1.8 billion/year.

Understanding the requirements of the project related to location choice, working closely with the executives at Berry Plastic, and reviewing offers available to Berry Plastics from communities outside the State of Indiana, we are recommending the following local incentive package.

Report to Mayor and City Council 2014

This is the package that is required to land this project:

- 10-year tax phase in on Real Property using standard phase in percentages Value approx. \$1,706,859.00
- 10-year tax phase in on Personal Property using a accelerated schedule of 100% for the first four years, 80% for the 5th year, 70% for the 6th year, 60% for the 7th year, 50% for the 8th year, 40% for the 9th year and 30% for the 10th and final year. Using this schedule, Berry received an additional \$200,000 +/- during the entire 10 year phase over a standard tax phase in - Value approx. \$2,838,450.
- A grant of \$100,000 for Training assistance; requires 50/50 match and applicable to Evansville residents hired over the first 2 years of project implementation.

The total value to Berry would be approximately \$4.6 Million and the project would generate a positive, Economic Impact of over \$1.8 Billion per year for Evansville.

The Growth Alliance has requested, and Berry has agreed to, execution of an agreement with the City that would require Berry to reimburse the City for an agreed to amount of the value of the benefits received to date in the event they would decide to relocate these new jobs to another community within the 10 year period. This type of agreement has been referred to as a "claw back agreement" on prior projects.

Richmond, Indiana has offered for their portion of the project (which includes \$1 million in new equipment investment and 50 jobs averaging \$18.50/hour plus benefits);

10 year tax phase in

\$85,000 cash reimbursement for expenses related to relocating to Wayne County Indiana.

We are confident, based on negotiations, that the incentive package outlined above is required to land the 280 jobs in Evansville.

Mr. Mark Miles Berry Plastics Evansville, IN

Dear Mr. Miles:

The following letter outlines the City of Evansville's commitments¹ to Berry Plastics (Berry) with respect to the expansion/retention of Berry's expansion located in Evansville, Indiana. Berry's expansion project will consist of approximately \$10 million in new infrastructure, \$11 million personal property investment in printing equipment and approximately \$25,000,000 of equipment new to the State of Indiana, the retention of approximately 530 existing jobs and the creation of 280 new jobs at an average wage of approximately \$18.50 per hour.

Financial Assistance Funded From Tax Phase-In

The City will offer a 10-year Tax Phase-In on real property investment and a Modified Schedule of Tax Abatement on personal property investment for the purpose of assisting Berry Plastics with the Project. Tax Phase-In allows for the gradual phasing in of property tax that has occurred due to an increase in assessed value of a building and/or the purchase of equipment. In a 10-year Tax Phase-In, any additional tax owed due to construction of or improvements made to the building and/or purchase of certain equipment, occur in graduated steps. Full taxes on these improvements will commence in the 11th year. The Modified Schedule of Tax Abatement allows for more aggressive abatement.

The 10-year Tax Phase-IN for real property provides an estimated value of \$1,706,859.00² based on the traditional Tax Phase-In schedule. The estimated gross and present value of the Modified Schedule of Tax Abatement has an estimated value of \$2,838,450 for personal property² based on a modified schedule of 100% abatement in years 1-4,80% abatement in year 5,70% abatement in year 6,60% abatement in year 7,50% abatement in year 8,40% abatement in year 9 and 30% abatement in years 10.³

¹ The commitments outlined in this letter do not include any incentive or assistance which may be offered directly to Berry by the Indiana Economic Development Corporation or any other governmental units.

² This is an approximate amount, and is dependent upon assumptions and projections of property tax rates and depreciation.

This is an approximate amount and is dependent upon assumptions and projections of property tax rates.

Training Grant - City of Evansville

The City will offer a Hiring/Training Grant in support of other incentives received by Berry from the State of Indiana or State Workforce Development. The local hiring/training grant allows for a broad range of flexibility to support training activities, relocating machinery/equipment to be used in manufacturing process and training process, and/or recruitment. Further discussions could help identify the specific needs of Berry. This hiring/training grant is for a 50/50 company hiring/training match of \$1,000 for every Evansville resident hired over the next 2 years, up to a maximum of \$100,000.

Limitation on City Obligations

The City's financial obligations to Berry with respect to the Project shall be limited to the Financial Assistance Commitment described above. Berry shall be responsible for completion of the Project, including but not limited to real property investment.

Approvals

The Incentives are subject to further local action and approvals, which the City will pursue promptly upon acceptance hereof by Berry.

Conditions

The Incentives are based upon Berry (a) retention of 530 employees and the creation of 280 additional positions at the Project location by the dates and with hourly wages as described in the Indiana Project Profile and (b) making the investment in personal property in the amounts and by the dates as described within the Indiana Project Profile.

If for any reason Berry does not timely fulfill the employment, hourly wage, or projected investment, the City reserves the right, by Indiana Statute or pursuant to the terms of the above noted Project Agreement, to receive back from the Company a rebate of the Incentives pursuant to the terms of the Project Agreement.

The City will limit its investment to the amount of the Financial Assistance Commitment. It shall be the responsibility of Berry to provide for all costs associated with the Project, including but not limited to, investment in real property.

The City's offer will remain available for written acceptance by Berry until December 30, 2013. Please confirm your acceptance hereof by dating, signing and returning a signed copy. We are excited about Berry's Project and look forward to working with you to ensure that your company continues its success in our community.

Sincerely,

Lloyd Winnecke, Mayor

City of Evansville

Mark Miles Chief Financial Officer Berry Plastics Corporation 101 Oakley Street Eyansville, IN 47710

Project ID: 416533

Dear Mr. Miles:

The Indiana Economic Development Corporation ("IEDC") is pleased to learn that Berry Plastics Corporation (the "Company") is considering Vanderburgh County as a sile for its expansion ("Project"). We have been advised that the Project involves a capital investment of approximately \$21 million and the creation of approximately 336 net new full-time positions for Indiana resident employees, earning an average wage of \$18.50 an hour by 2014, over and above the commitments agreed to under Project ID 416156.

Training Assistance

The IEDC will offer a grant of up to \$300,000 from the Skills Enhancement Fund to facilitate job skills training. This flexible program will provide partial reimbursement for a wide variety of training costs. The grant may be provided for qualified training expenses incurred through December 31, 2015.

Economic Development for a Growing Economy Program

The IEDC will offer up to \$2,350,000 in Economic Development for a Growing Economy ("EDGE") tax credits which may be certified over a period not to exceed years (2014-2023). The calculation is based on the creation of 336 net new full-time positions for Indiana resident employees in connection with the Project, earning an average wage of \$18.50 per hour by year 2014. The current employment level of 2235 employees will be established as the base above which new employees can be counted toward the job creation goal. In order to receive an EDGE tax credit, the Company must commit to the location and operation of the Project in Indiana for at least two (2) years after the last year in which an EDGE tax credit is claimed.

The proposal set forth in this letter shall remain available for acceptance by the Company until December 15, 2013. Failure to respond by this date may result in cancellation of this offer of assistance. As we proceed forward, the base employment level will be verified upon receipt by the IEDC of the Company's employment level certification. Upon request, the Company must also provide the IEDC an update on the status of the Project. All incentives are subject to the final review and approval of the IEDC. This letter supersedes any and all previous correspondence concerning this project.

Mark Miles Page 2 December 11, 2013 Project ID: 416533

To accept this offer of incentives, please return this document with the attached acceptance letter to our project manager, Charlie Sparks. Please feel free to contact him at (317) 233-5122 with any questions.

Sincerely,

Stephen J. Akard

Vice President & General Counsel

Mark Miles Page 3 December 11, 2013 Project ID: 416533

The Company accepts the above offer of the Indiana Economic Development Corporation (IEDC) and desires to work with the IEDC to confirm all application information and complete these incentives through the execution of final incentive agreements, all in due course. The company affirms that the IEDC incentives offered in this letter are a major factor in the Company's decision to proceed with the project as summarized herein. The undersigned represents that he or she is duly authorized to accept this offer on behalf of the Company.

- Approval of the designating body (City Council, Town Board, County Council, etc.) must be obtained prior to installation of the new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment, BEFORE a deduction may be approved
- 3. To obtain a deduction, a person must file a certified deduction schedule with the person's personal property return on a certified deduction schedule (Form 103-ERA) with the township assessor of the township where the property is situated. The 103-ERA must be filed between March 1 and May 15 of the assessment year in which new manufacturing equipment and/or research and development equipment and/or logistical distribution equipment and/or information technology equipment is installed and fully functional, unless a filing extension has been obtained. A person who obtains a filing extension must file the form between March 1 and the extended due date of that year.
- 4. Property owners whose Statement of Benefits was approved after June 30, 1991, must submit Form CF-1 / PP annually to show compliance with the Statement of Benefits. (IC 6-1.1-12.1-5.6)
- The schedules established under IC 6-1.1-12.1-4.5(d) and (e) apply to equipment installed after March 1, 2001. For equipment installed prior to March 2, 2001, the schedules and statutes in effect at the time shall continue to apply. (IC 6-1.1-12.1-4.5(f) and (g))

2001, the schedules ar			AND THE STATE OF T	ta taur ing ing salah salah salah salah	erter dont favir av Banks		an was as a substitution of the		Qeli ve 13e	Seriorio (Constante de C
